## ADULT DAY HEALTH CARE PROGRAMS

Specialized programming offered by CESI provides community-based, day health care options, to support seniors and adults learning to live with medical and/or cognitive challenges as they age-in-place. Additionally, each program supports the health and socialization needs of a wide range of seniors and adults by providing:

- Nursing care
- Rehab therapies
- Engaging programming
- Support for participants, as well as their caregiver(s)

*"My husband loves his "social club" at CESI. While he's there, I'm grateful to have a few days each week to run errands and spend quality time with friends and family.*

*Thank you." - Family caregiver*

All CESI Programs are licensed by the Department of Public Health and are MassHealth certified.

Payment options include: MassHealth, State Home Care, VA Reimbursement, Private, and Some Insurance Carriers.
